Fire Burn everything...

Helping the Burn Effected People and Share the Gospel

14 June 2014, all over the world was busy to watching the Opening Ceremony of World Cup'14 at Brazil on TV. Middle of the night people heard a siren by the Fire Rescue team.

Our people found very near of Khulna city BD, somewhere is burning by the fire. Next day early in the morning One of our volunteer staff went there with some students and they shocked to observe it.

At Friday Bible study group some of our believers shared their sorrow and immediately they decided to help them whatever they have. In that night they collected some cloths from our own houses.

At Saturday (*Global Outreach Day*) evening they together with their small things and prayed God before helping them. We also known by phone and prayer that by our love they can be understand the love of Jesus Christ.

Our peoples shared their love to them. They hug them as like our own family. They cried when they are receiving our love. They just told them because of Jesus loves us and we love you. He is almighty; He can do everything in your life if you receive Jesus Christ in your life. But now they need more help as they see and we heard.

Short Summary about effected area:

Burning time: 1 hour

Total Effected Family: 27 families

Total People: More than 123 people

Lost condition: Lost everything

Community: Muslim

Lots of students lost their Book and study material. They don't know how they can continue their study after. Still now we are trying to collect more things to help them. In this time they don't have any houses to live and rainy season is coming soon. They are really frustrated with their life.

We moved to love them.....
